We've had several other inquiries on this. See my response to Marcia Mia, attached.

I wasn't aware that that specific email box existed. Who set it up and when, and who was notified at that time?

Hi,

HQ asked whether Region 9 is still maintaining the electronic mailbox for r9wellcompletion@epa.gov

It is associated with implementation of the oil and natural gas air pollution standards (NSPS OOOOa).

Feel free to confirm directly with Amy Hambrick at HQ.

Please respond to this email to confirm that this inbox is still being monitored.

[Mark and Shaheerah- You are my primary R9 contacts, maybe you could help me out? Who in R9 works on Oil and Gas (air) program or enforcement? I'm trying to figure out who monitors this mailbox. Thanks and sorry to bother.]

Thank you,

Amy
